

Richard M. Greenwald, PhD

Dr. Greenwald is a biomedical engineer who founded Simbex (Lebanon, NH) in May 2000 and co-founded iWalk, Inc. (Cambridge, MA) in 2006. He is also an Adjunct Associate Professor of Engineering at Thayer School of Engineering at Dartmouth College, and Research Affiliate in the Department of Aeronautics and Astronautics at Massachusetts Institute of Technology. He was co-founder and Executive Director of the non-profit National Institute for Sports Science and Safety (1997 – 2005). Dr. Greenwald has led research and product development projects in prosthetics, in sports injury prevention, and in rehabilitation. He currently serves on the National Advisory Board for Medical Rehabilitation Research for the National Institute of Child Health and Human Development at the National Institutes of Health. Dr. Greenwald is currently Vice President, and previously, Chairman of the Certification Committee, for the Hockey Equipment Certification Council (HECC), and represents HECC on the US TAG to ISO/TC83/SC5 for Hockey Equipment. He is President of the International Society for Skiing Safety, 2nd chair of ASTM F08.53 on headgear, past-chairman of the ASTM F08.26 committee for Baseball and Softball, and actively participates in worldwide standards development for various sports equipment. He has also received significant funding for research from the National Operating Committee on Standards in Athletic Equipment (NOCSAE) and the Sporting Goods Manufacturers Association.
